

## Mad Max meets Crocodile Dundee

Based on the novel by Evan Green, helmed by top Hollywood director Simon West, this is the story of a race... the longest, toughest and craziest race in the world... a 10,000 mile event, right around Australia. [Read more](#)

There were 3 Redex Trials in the 1950s: our story combines actual real life and fictional characters, with a big US-based angle, weaving a hilarious and gripping adventure that might have happened, had there been a fourth.

the most common type of injury is a sprain. This is a tear in the ligaments that hold the joint together. It is usually caused by a sudden twist or turn of the joint. The most common sprains are of the ankle, knee, and wrist. A sprain is usually treated with rest, ice, and compression. If the injury is severe, a cast or brace may be needed. A doctor should be consulted if the injury is severe or if there is any swelling, pain, or difficulty moving the joint.

**QUESTIONS TO ASK:** The degree of flexibility in the contract is important. Can the contract be terminated? Can the contract be modified? Can the contract be assigned to another party?
